Bishop Stephen Berg's statement on the acts of vandalism involving St. Anne Church and Christ the King Parish in Pueblo

PUEBLO - Bishop Stephen Berg issued the following statement:

"We have had two incidents of vandalism: arson at Christ the King parish offices and the removal of statues outside the parish church of St. Anne. It is unfortunate that we are experiencing these incidents, as are other organizations and faith-based communities in Pueblo.

We thank the fire and police departments for their alert response to these situations and their concern for our safety and well-being.

We pray for a deeper understanding of the role of faith-based communities and all organizations throughout our common home in Pueblo, and mutual loving concern and care for all our neighbors."
